## SUMMARY

As an energetic and innovative Front-End Web Developer, I'm transitioning from a decade in smart meter engineering to web development. My expertise in HTML, CSS, and JavaScript, coupled with a background in system analysis and user-focused design from my engineering career, equips me to address complex tech challenges.

Passionate about creating engaging, user-friendly web interfaces, I'm eager to bring a unique blend of technical skill and creative vision to a team that values innovation and transformative technology.

## TECHNICAL SKILLS

HTML - CSS - GIT - JAVASCRIPT - UX DESIGN - BOOTSTRAP - THE DOM - APIS -  
JQUERY - JSON - AJAX - NODE.JS - ES6 - OBJECT-ORIENTED PROGRAMMING - TEST-  
DRIVEN DEVELOPMENT - REACT.JS - BEHAVIOUR-DRIVEN DEVELOPMENT -  
DEPLOYMENT - PROFESSIONAL PROJECT PORTFOLIO

## PROJECTS

### MY LINKEDIN

To create a professional personal landing page in the style of a LinkedIn profile

### FRONT-END DEVELOPER'S RESOURCE

Developed an integrated resource website for boot camp students, featuring OpenAI integration and a practice area for coding skills enhancement. The platform includes curated links to Front-End Development tutorials, aiming to empower students with a foundational knowledge base for progression in web development.

Key Skills:

- Front-End: HTML, CSS, JavaScript, [Other Front-End Technologies Used]
- Back-End: [Back-End Technologies Used, if any]
- Integration: OpenAI API

**Software and Tools:** [VSCode]

## RELEVANT EXPERIENCE

*FREELANCE WEB DEVELOPER - 2022 - PRESENT*

- Creating digital content
- Developing websites for affiliate marketing

## ADDITIONAL EXPERIENCE

*SMART METER ENGINEER, OCTOPUS ENERGY; LONDON - 2023 - PRESENT*

- Contributing to the rollout of smart meters to achieve government deadline
- Advocating energy efficiency and awareness of renewable energy technologies

*DUAL FUEL 3 PHASE SMART METER ENGINEER, IMSERV - 2021 - 2022*

- Authorisation to work on 3 phase electrical metering systems
- Experience of smart metering in the IC sector

*DUAL FUEL ENGINEER, NPOWER - 2019 - 2021*

- Contributed to the training and mentoring of new engineers

*SMART ENERGY EXPERT, BRITISH GAS - 2017 - 2018*

- Achieved a Distinction grade as a smart energy expert
- Gained gas and electrical smart metering qualifications

## EDUCATION

*FRONT-END WEB DEVELOPMENT BOOTCAMP - CERTIFICATE -EDX*

*SMART METERING BRITISH GAS ACADEMY - NVQ2*

*SAE INSTITUTE UK AUDIO PRODUCTION - DEGREE*
